

Presentation Handouts Guidelines and Upload Instructions

GUIDELINES

Please prepare your written materials using one of the following software packages:

- MS PowerPoint
- MS Word
- MS Excel
- Adobe Acrobat

We appreciate your efforts in making your presentations available electronically. With your permission, presentations will be available on the CAS Web Site. *If you are using excerpts, including data from third party vendors, please be aware that some require advanced permission to reproduce from the original author(s). It is your responsibility to secure all such written permission.

Please provide **TWO** versions of your presentation materials:

Presentation Handouts for Attendees (Resources):

To enable your presentation to appear online within our online brochure, please provide us with the pdf'd file of your ppt presentation. (Please note that your PowerPoint presentation will not show up online if it is not pdf'd) If possible, please submit PDF files as a presentation set to handouts with three slides per page which should include room for making notes.

Pre-Loading Presentations (Deck):

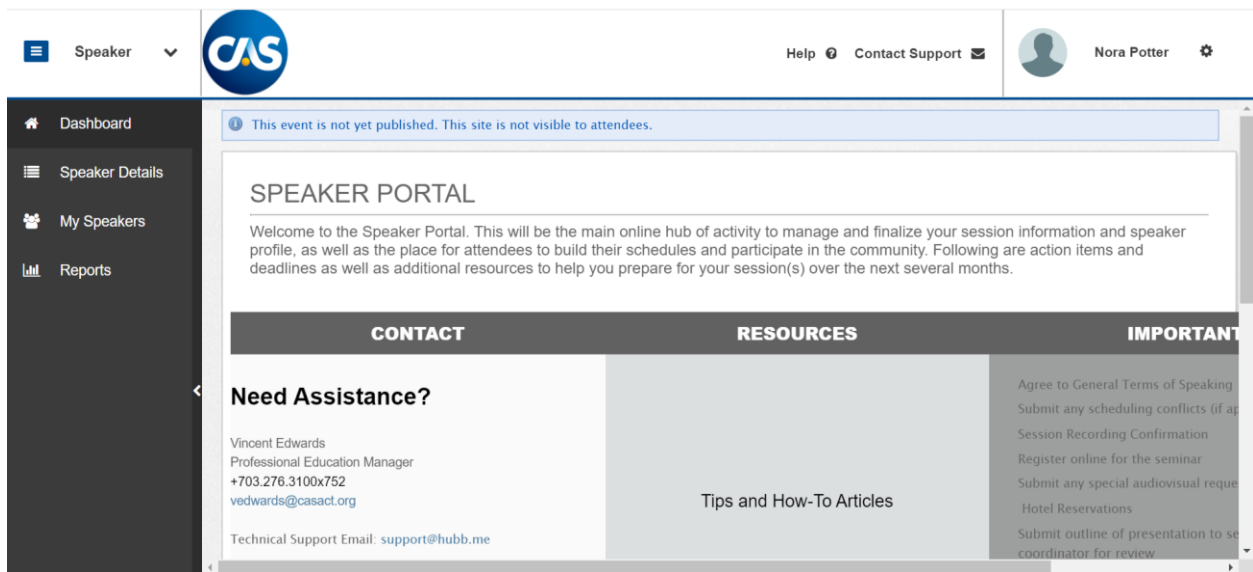

Speakers if you would like for us to pre-load your presentation for you on our CAS laptops, you will need to submit a ppt file of your presentation. (This version will not show up online) This will allow us to grab your files and place them on our laptops before you arrive at your session. This should be your FINAL presentation that you would like for us to use in your session. (This version is your non handout/notes style, using 1 slide per page, i.e. what you will use for your live audience, etc.)

Please note: If you do not submit your presentation in time for the presentation deadline, please bring it with you on a flash drive to upload on the laptop at the meeting.

(Instructions begin on Page 2)

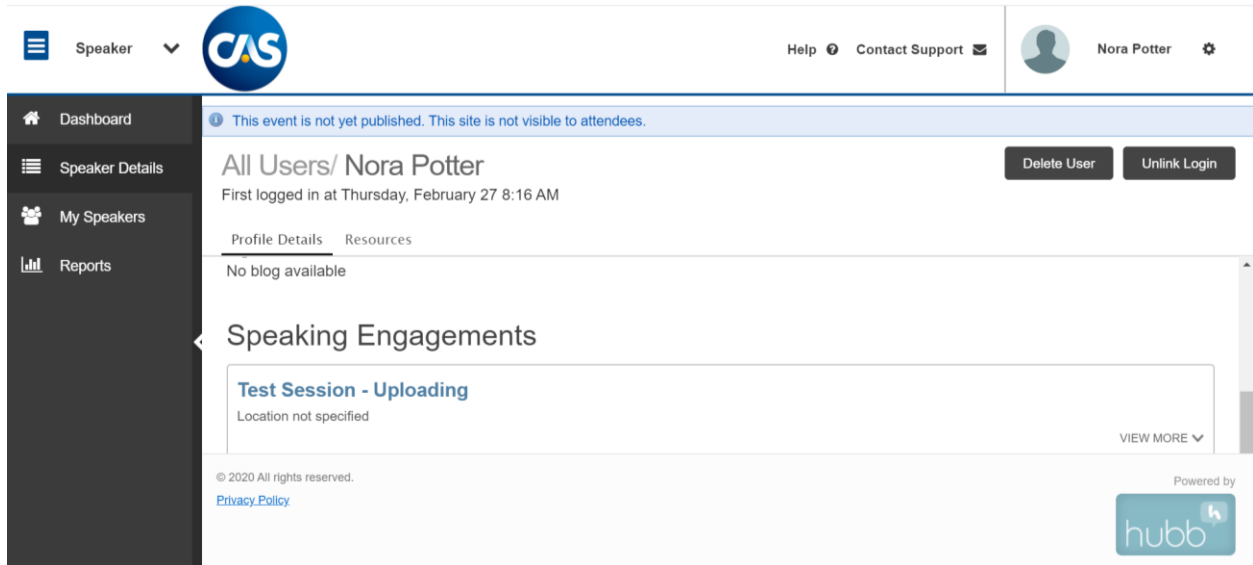

INSTRUCTIONS

Login into Hubb and make sure that you are in the Speaker Portal. (Upper left side of the screen.)

The screenshot shows the Speaker Portal dashboard. At the top left, there is a navigation menu with 'Speaker' selected. The CAS logo is in the top center. On the top right, there are links for 'Help' and 'Contact Support', and a user profile for 'Nora Potter'. A blue notification bar at the top states: 'This event is not yet published. This site is not visible to attendees.' The main content area is titled 'SPEAKER PORTAL' and includes a welcome message. Below this, there are three columns: 'CONTACT' with contact information for Vincent Edwards, 'RESOURCES' with 'Tips and How-To Articles', and 'IMPORTANT' with a list of tasks like 'Agree to General Terms of Speaking' and 'Submit any scheduling conflicts'. A left sidebar contains navigation options: Dashboard, Speaker Details, My Speakers, and Reports.

You will see the Speaker Dashboard. Go to “Speaker Details” and you will see the sessions that you are a speaker for under Speaking Engagements.

The screenshot shows the Speaker Details page for 'All Users/ Nora Potter'. The top navigation is identical to the previous screenshot. The main content area shows 'All Users/ Nora Potter' with buttons for 'Delete User' and 'Unlink Login'. Below this, it says 'First logged in at Thursday, February 27 8:16 AM'. There are tabs for 'Profile Details' and 'Resources'. A message states 'No blog available'. The 'Speaking Engagements' section is active, showing a session titled 'Test Session - Uploading' with the note 'Location not specified' and a 'VIEW MORE' link. The footer includes '© 2020 All rights reserved.', a 'Privacy Policy' link, and the 'Powered by hubb' logo.

Click on the title of your Session.

Click on the Manage Documents tab (third tab)
